

Regulatory Alerts

Delivers crucial developments in insurance regulation, legislation, supervision and premium taxation

When managing complex cross-border risk, it is pivotal to ensure that your business has complete awareness of changes to local regulatory frameworks. As the global insurance environment is constantly evolving, this awareness needs to be informed by alerts that are timely and accurate.

Axco's Regulatory Alerts service delivers updates on recent and proposed developments in regulation, legislation, supervision and premium taxation in over 170 territories across the globe. This information is reinforced with research expertise, interpretation, translation and delivery using the latest technology.

Direct email roundup

Regulatory Alerts are delivered in a monthly roundup email which alerts subscribers to the territories that have been updated. Users can follow a link to access an online feed of all updates with the ability to filter by territory, time period and line of business.

Subscribers receive direct access to the most convenient, accurate and comprehensive updates available on major developments in insurance compliance across the globe. Information covers legislation, regulation, supervision and taxation.

Key Features

- **Updates published as soon as they are verified, summarised in a monthly roundup email**
- **Crucial developments in compliance, regulation, taxation and legislation**
- **Covers both non-life and life markets for over 170 territories**

Reliable compliance information on a global scale

Axco's specialist consultant writers and dedicated in-house team of research analysts report, translate, verify and summarise market intelligence to provide a comprehensive and up-to-date reference point for actual and projected changes in global insurance compliance.

Regulatory Alerts draw on the most recent Insurance Market Report republications and updates, which cover over 170 territories worldwide. The alerts also report on changes effected by supranational bodies such as the European Union (EU) and Conference Interafricaine des Marches d'Assurances (CIMA), and developments in international life territories and the London and Bermudian markets.

Maintaining awareness of the latest regulation is key for any business operating multinational programmes. Axco's Regulatory Alerts provides up-to-date and reliable information that addresses this need.

Available for:

Non-life (P&C)

Life and benefits

Combined

Regulatory Alerts Premier

Going above the standard with **more information**

Axco's Regulatory Alerts Premier service includes all the benefits of Regulatory Alerts Standard and also allows users to further tailor your information feed, gathering specific regulation and legislation updates filtered to your preferences. Enhanced information and personalised feeds, all delivered without delay. With Regulatory Alerts Premier, you can configure daily, weekly or monthly alerts specific to your needs.

All alerts are presented in a consistent format and categorised under key line of business headings. To find out what information is covered, contact axco@axcoinfo.com.

Enhanced

On top of the 170+ territories covered by Regulatory Alerts, Axco's Premier users gain access to even more alerts from 150 non-life markets, including line of business detail and notice of draft & proposed legislation. In-house translation and interpretation promptly inform you of the most impactful changes in the market.

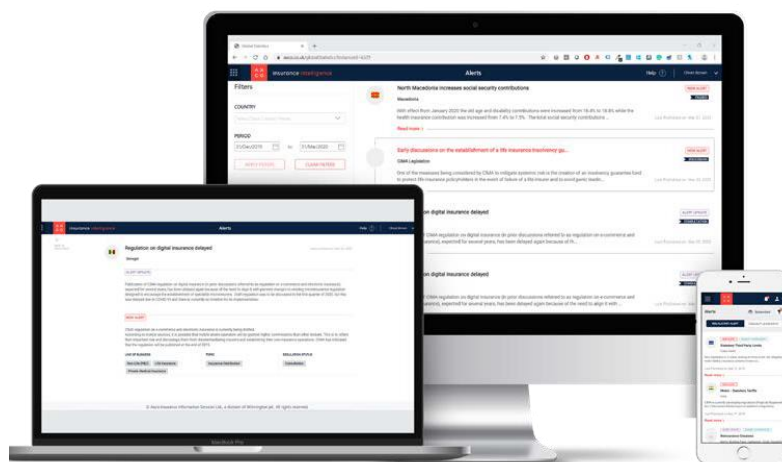

Personalised

New filters to customise and save the information most relevant to your business needs. Filter by country, line of business, time period, topic and regulation status., specific to your requirements.

Without Delay

Configure daily, weekly or monthly email alerts for each of your saved filters, to ensure you stay up-to-date with increasingly frequent developments in regulation and legislation.

Axco does not undertake to include all international compliance developments as they occur.
